廉政公署香港道德發展諮詢委員會主席丁午壽先生, SBS, JP 獻辭

Ethical leadership and good corporate governance are the foundation for sustaining the competitive edge of all businesses and maintaining Hong Kong's level playing field for continued growth. This is the reason why the Hong Kong Ethics Development Centre, established under the auspices of the Community Relations Department of the Independent Commission Against Corruption in 1995, has been proactively promoting business and professional ethics with the guidance of six major chambers of commerce since its establishment.

Over the past 12 years, the Centre has fostered strong partnerships with the business sector and has enjoyed their support in taking positive action to cultivate an ethical corporate culture in Hong Kong. This year, I am most delighted that the Centre and its member chambers are joining hands with related regulators and professional bodies in bringing forward the "Ethics – The Core Value of Leadership" Training Programme for Directors to help corporate leaders master evolving ethical challenges in their workplaces.

I wish participants find this 2007 Directors' Forum, the pilot event of the training programme, inspiring and useful.

誠信領導和良好公司管治是所有企業保持競爭優勢的基石，亦是香港維持公平競爭環境以確保經濟持續增長的重要基礎。有見及此，由廉政公署社區關係處倡導的香港道德發展中心自一九九五年成立以來，便一直在六大商會的指導下，致力推廣商業道德及專業操守。

在過去十二年，中心不但與商界建立緊密的伙伴合作關係，更取得他們的支持，積極採取措施培育香港的誠信企業文化。今年，我非常高興見到中心及各成員商會與相關監管機構及專業團體戮力同心，推動「卓越領導 誠信為綱」公司董事培訓計劃，協助企業領袖掌握工作上不斷蛻變的誠信挑戰。

2007董事論壇為是項董事誠信培訓計劃的揭幕活動，我期望與會者可以在論壇中獲益良多。
